

Tosca Crystal Clear Crate Display

Improve product visibility & sales

Designed for ultimate efficiency, this solution stacks easily on a Tosca ¼ dolly for smooth and rapid movement across the store. It helps reduce manual handling and in-store labour, while boosting productivity. It enables a seamless transition from the back of store or fitting room straight to the shop floor, cutting down on time and effort for staff.

The system uses robust, stackable, retail-ready crates to build a strong, high-capacity unit while taking up minimal floor space.

When required, it also functions as an effective in-store display—easy to replenish, easy to move, and always presentation-ready.

Design & Features

Open front for easy access to products inside crates.

Foldable and stackable. Save space in your backroom and on the floor when it's not being used.

Dollies that roll and lock in place. Easily and securely roll and display on the sales floor.

Increase sales with aesthetically pleasing look

A simple, open look increases sales and offers more access to the product.

Retail ready for faster merchandising

Ideal for storage or retail display, this simple replenishment system reduces time-consuming stocking.

Save time and labour costs

Designed for ease of use with a foldable, stackable structure and ergonomic handles.

Move stock easily in store

Easy to move, refill and reposition with a minimal footprint.

Meet PPWR and EPR regulations with reusable displays

100% recyclable at end of life and PPWR-compliant.
